RECORDS OF  
STUDENTS**

05

**VIEWING ALL  
RECORDS AT  
ONCE**

**CAN BE ADDED  
AS PER THE  
NEED**

# HOW IT WORKS?

# OBJECTIVES

## SCHOOL PROJECT

We made this system as our school project. Our subject teacher assigned us to make a software using qbasic and we chose student registration system as our project.

## SOFTWARE WITH A LANGUAGE

We want to understand as well as show you all that QBASIC can also be used in making software. We can make simple softwares that we can use in our own computer to make the task easy.

**LET'S SEE  
THE  
SOFTWARE**
